Gordon in his chair

Eyes are softly closed
Ready to unwind
Sweetest peace is found
Leave the world behind

Breathe in the calm air
Silence feels so rare
Breathe in the calm air
Gordon in his chair
Breathe in the calm air
Green vest and no care
Breathe in the calm air
Stillness everywhere

Peace is here
Smile appears
Peace is here
No more fears
Peace is here
Calm and clear
Peace is here
Held so dear

Close your eyes and see
Calm is where to be
Close your eyes and see
Heart is floating free
Close your eyes and see
Green vest on a tree
Close your eyes and see
At peace completely

Smile is on his face
In this quiet space
Always at his ease
Gordon feels the breeze
